The Ultimate in Multitask Offroad Carriers

**DIMENSIONS / WEIGHT (Base vehicle)**

- Overall Length: 411" OAL for both cars
- Overall Width: 97" Excluding mirrors
- Overall Height: 118"
- Ground Clearance: 20"
- Weight & Payload - Basic Combined Vehicle
  - GVWR: 28 000 lbs
  - 60 000 lbs

**Rear Car Deck Area**

- 110 ft (approx. 96" x 170")

**PERFORMANCE DATA**

- Maximum speed: 16 mph (Depending on engine options and GVWR)
- Inside turning radius: 20 ft.
- Climbing Ability - Uphill: 35° (70% continuous)
  - Side-hill: 25° (47%)
- Ground Pressure (empty): 3.6 PSI
- Ground pressure (loaded): 5.6 PSI
- Normal Driving Range: 8 Hours

**STANDARD ENGINE**

- Make: FPT Iveco Powertrain
- Model: N67 ENT
- Horsepower: 235 HP @ 2,200 RPM
- Torque: 753 ft lbs @1,500 RPM
- Fuel capacity: 45 gallons

**FRAME / SUSPENSION & WHEELS**

- Frame: Corten Welded Tub
- Suspension: Walking beam with double twin rocker arm with bogie wheels
- Wheels: 16 front car + 16 rear car = 32 steel wheels
- Size: 12" steel with oil hub
- Tracks: One piece 24" rubber track with steel reinforcements

**STEERING**

- Articulated with wheel steering operating twin steering cylinders

**POWER TRAIN**

- Transmission: Hybrid electric drive
- Drive Sprockets: Steel sprocket hubs
- Parking Brakes: Multi-disc, spring applied & pressure released
- Service Brakes: Foot pedal with hydraulic disc brakes

**AUXILIARY HYDRAULIC POWER**

- System capacity: 18 gallons

**STANDARD FEATURES**

- 3-Man Cab R.O.P.S.
- Intake heater for cold startup
- 12v hydraulic pump for cab tilt
- Engine block heater
- In cab vehicle status touch screen display
- 2 Set of Parts & Service Manuals

**OPTIONAL EQUIPMENT & ACCESSORIES**

**Cab Options**

- Closed cab with windshield wiper, recirculation fan and heater
- Platinum cab sound and heat insulation
- Front air suspension seats
- Dual side mirrors with electric heat
- Rear view camera system
- Sun visors
- 23 000 lbs air conditioning/45 000 lbs heater
- Glass escape hatches
- Front brushguard
- Rear suspension seats

**Front Car Options**

- Front 2 way plow
- Front 2 way plow with float
- Front plow top extension
- Front bumper in lieu of plow
- Front winch
- Knuckle boom crane
- Outriggers for crane
- Deck mounted fuel tank
- Auxiliary hydraulic system
- Stake side rear deck
- Rear deck storage compartment

**Engine Options**

- 275 HP or more
- Spark arrester
- Alternators from 120 to 200 amps
- Reversible fan

**Cold Weather Options**

- Diesel fired coolant heater
- 12V heated fuel filter
- Coolant heater for hydraulic oil
- Coolant heater for fuel tank
- Auxiliary cab heater

**Rear Car Options**

- Flat deck
- Stake side flat deck
- Dump box
- Personal carrier (Seating 12) Air conditioning/heater for rear car
- Pintle hook
- 6" Wheel with air or electric brake connections
- Deck crane
- Outriggers & subframe for crane
- Trolley for liquids transport
- Winch

**Suspension Options**

- The Voyager suspensions can be configured for a wide variety of end user requirements based on engine, speed, front car GVWR and rear car GVWR.

**Lighting Options**

- Additional front/rear LED lights
- Remote control spotlight
- DOT Road lighting
- Roof top strobe lights

* Other features on request. The specifications given are for a basic vehicle tested under ideal conditions. The manufacturer reserves the right to change specifications without notice.

VOYAGER TRACKED CARRIERS GET YOUR CREW AND EQUIPMENT ANYPLACE, ANYTIME

The 4 axis articulation centerlink provides exceptional maneuverability

Voyager climbs a 35 degree slope with ease and with excellent sideslope stability

Front car angle of approach centerlink control allows the vehicle to handle any terrain

Max speed 16 MPH, Rear Car Payload 10 tons

Low ground pressure gives excellent flotation on soft ground and 60” fording capability

Patented walking beam with double twin rocker bogie wheel suspension keeps the track in full contact with the ground and absorbs impacts

Tilt cab for easy maintenance and engine access

Voyager is powered by a Hybrid Diesel Electric Drive System

The Voyager can be configured with a wide variety of options to meet all of your needs

Modular Rear Car Options:
- Flat Bed (droppable)
- Personnel Carrier
- Fuel or Water Tank
- Aerial: 80 ft Bucket Reach
- Dump Box
